RiRi's BIG REVEAL!

BEFORE HER SUPER BOWL GIG, THE SINGER UNWITTINGLY POSED WHILE PREGNANT!

The singer says her son is besotted with his dad. "I'm literally the girl trying to get into the boys club."

VOGUE
Rihanna REBORN

TRUE PARTNER "We're best friends with a baby," Rihanna said of A$AP Rocky. "We have to be on the same page, but we've always kind of had that."

DID A$AP KNOW ABOUT THE BABY?

SHE did have a little extra glow, but **Rihanna** revealed Feb. 15 that she had no idea she was pregnant with her second child while posing for the March issue of British *Vogue* in December. "How crazy both of my babies were in these photos and mommy had no clue," the 34-year-old posted about the shots with boyfriend **A$AP Rocky** and their 9-month-old son (they have yet to share his name).

The "Diamonds" singer went big when she debuted her bump, showing it off for 113.06 million viewers while performing the Super Bowl LVII halftime show on Feb. 12. Indeed, the Barbados native said that motherhood had given her the confidence to accept the massive gig, even though it had been seven years since she last performed live. "It's this knowing that you can do anything, even things that seem the craziest," she told the mag. "Like, I'm going to say yes to the Super Bowl in the middle of postpartum? What am I thinking? But you're geeked on a challenge like that because you know what your body just did."

In the interview, the Fenty founder and clotheshorse may also have predicted her future. Known for her internet-breaking pregnancy style (think: bare belly), RiRi groused that postdelivery she had nothing to wear. "Everything is too small or too big," she said. "You kind of just gotta wait it out, otherwise you end up buying so many clothes that you're not going to use. Well, unless you get pregnant again." ★

Courtside Cuties

New York City, Feb. 13

Date night! Eric André and Emily Ratajkowski kept close as they watched the New York Knicks beat the Brooklyn Nets at Madison Square Garden.

Los Angeles, Feb. 13

Jennifer Lawrence hosted a screening of *Causeway* in support of costar Brian Tyree Henry, whose performance earned him a Best Supporting Actor Oscar nom. "She's been really supportive," he shared.

MAD FOR PLAID!

Off the Chain

London, Feb. 14

Pink stopped by BBC Maida Vale Studios to promote her new album, *Trustfall*. "I feel like I made a real body of work," she said. "No throwaway songs whatsoever."

Alright, Alright

"Matthew's being respectful of Kevin," says an insider. "He doesn't want to yank the older dude's chain."

TO THE TRAIN STATION!

Limited Range

"Kevin didn't feel obligated to sign on for another lengthy season," says an insider.

YELLOWSTONE SHAKEUP!

HE PLAYS THE DUTTON PATRIARCH, BUT IS KEVIN COSTNER ESSENTIAL TO THE HIT SHOW?

"Kevin is respected as an actor, but he's not exactly the most warm and friendly guy in the *Yellowstone* universe," says an insider.

Seated on his bed, **Kevin Costner** gave a heartfelt speech as he unboxed his Golden Globe Award on Feb. 13. Flooding prevented the 68-year-old from attending the Jan. 10 ceremony, where he won Best Actor for his role in the hit western *Yellowstone*. "Here it is," he told his 1 million Instagram followers. "I'm so glad I have this. I wish I, again, could have been there."

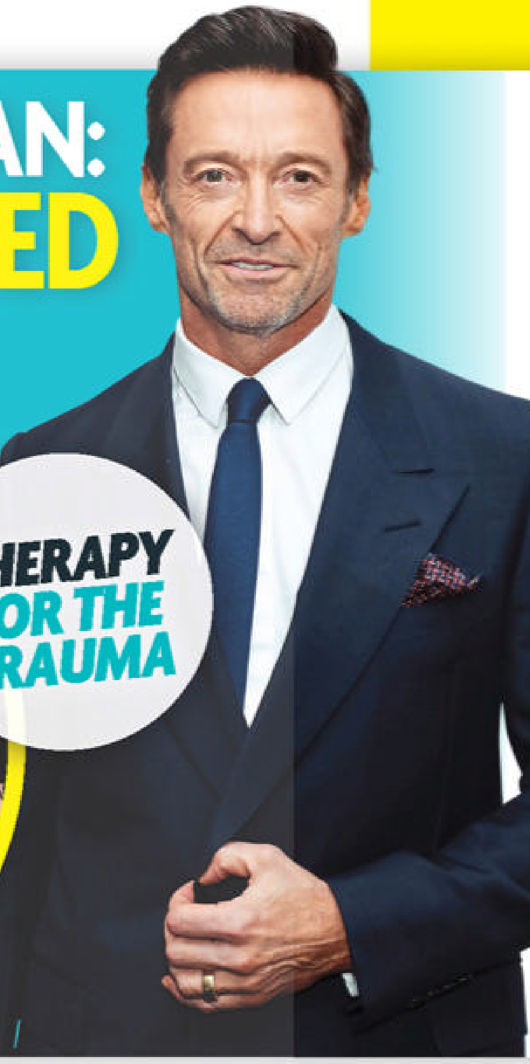
Tellingly, the actor made no mention of his castmates or of **Taylor Sheridan**, the prolific creator of the Paramount show. Sources tell *Star* that Kevin butted heads with Taylor over his work schedule, demanding to shoot the second half of season 5 in just one week. "The network refused," says an insider. As a result, *Yellowstone* is on the chopping block — sort of. Reports say that **Matthew McConaughey** has been tapped to take the Dutton family saga in a different direction. "Many of the show's stars will join Matthew in the new spinoff series," explains the insider. "They're looking ahead to greener pastures." (In a statement, Paramount said, "Kevin Costner is a big part of *Yellowstone* and we hope that's the case for a long time to come," adding that Matthew is "a phenomenal talent with whom we'd love to partner.")

To be fair, when Kevin first signed on, the show was a miniseries. "Then it became this huge deal and just kept going," notes the insider. "He's got other things he's itching to do." Indeed, the Oscar winner is making his own western, *Horizon*. As for Matthew, he's "excited" to come on board, says the insider. "He's very aware this only came about because the network refused to bend to Kevin's demands." ★

HUGH JACKMAN: ABANDONED BY MOM!

Left Behind

Grace took Hugh's two older sisters to live with her in London.



THERAPY FOR THE TRAUMA

In *The Son*, **Hugh Jackman** plays the father of a troubled child. It's a subject the 54-year-old can relate to: When he was just 8 years old, his mother left him with his father in Australia to start a new life in England. While the actor has previously pooh-poohed therapy, he recently revealed he took advantage of a mental health professional available to the cast because of the film's dark subject matter. "It's helped me a lot," he admitted in a recent interview. "With therapy, it either works for you or it doesn't."

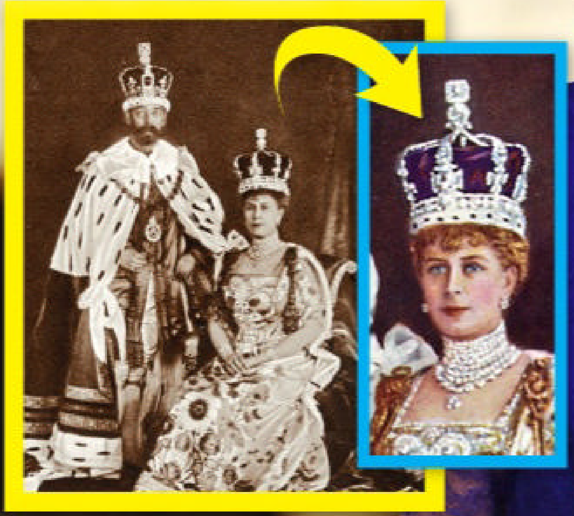
A source tells *Star* Hugh and his mom, Grace, reconciled more than a decade ago. "They had the heart-to-heart they needed." Still, the lingering sense of abandonment deeply affected how the *X-Men* star and his wife, **Deborra-Lee Furness**, brought up their now-adult kids. "Family always comes first," says the source. "Hugh and Deb put the kids' needs ahead of their own." ★

REBEL WILSON: HOW I CHOSE MY SPERM DONOR

Royce arrived after a previous surrogacy ended in miscarriage.

Here's an interesting career choice: sperm concierge! **Rebel Wilson** recently opened up about how she decided who would be the biological father of her daughter, Royce, born via surrogate in November. "I had like a sperm concierge, so they trawl through all the sperm shops and then give me the 10 best that match my criteria," the *Pitch Perfect* star shared, adding that she was given access to photos of potential donors, both as children and adults, as well as their genetic history. The 42-year-old could also listen to recordings of the men, saying it was "really interesting to hear how they answered certain questions." Now that she has her daughter, the actress is over the moon — and happy to tell her story. "It isn't the traditional way to have a kid," an insider tells *Star*. "Rebel hopes that by talking about it openly, she strips away any stigma." ★

CAMILLA'S CROWNING MOMENT



"Camilla believes the Koh-i-Noor diamond belongs to the crown jewels," says an insider. "But she will not cause more drama."

The guest list may still be up in the air, but at least **Queen Consort Camilla** knows what crown she'll be wearing to **King Charles III**'s May 6 coronation. On Feb. 14, Buckingham Palace announced that the 75-year-old will sport Queen Mary's Crown, which is set with 2,200 diamonds and was worn by Queen Mary at the coronation of King George V in 1911. The choice helps the monarchy avoid controversy, as Camilla originally preferred a topper that includes the Koh-i-Noor diamond, which has been at the center of allegations that the priceless gem was stolen from colonial India. It also helps reinforce Charles' calls for sustainability — this is the first time since the 18th century that a crown was reused for a coronation. But the sparkler, created by royal jewelers Garrard & Co., will get an update. In an homage to Charles' late mother, Queen Elizabeth II, the Cullinan diamonds, from her personal collection, will be added to the headpiece. ★

Star DISH

On a Break

The actor split from girlfriend of five years Camila Morrone in 2022.

LEO'S A LAZY LOVER!

FAMOUS for dating a string of very young models, **Leonardo DiCaprio** is the ultimate Hollywood lothario. Or is he? Sources tell *Star* the 48-year-old is gaining a rep as a disappointment between the sheets. "Leo is an extremely lazy lover," says an insider. "He gives these girls a five-star party experience but passion is far down the list." (Leo's rep denies *Star*'s story.)

Turns out the *Don't Look Up* actor is a big geek at heart, says the insider, and prefers nerding out to getting busy. "He gets bummed out when girls don't share his excitement for stuff like action figures, comic books and, of course, his beloved dinosaur collection!"

But don't expect his conquests — including **Camila Morrone**, **Nina Agdal**, **Gigi Hadid** and many others — to spill. The Oscar winner has his flings sign NDAs before things get amorous. "He's obsessive about it and has his assistant keep stacks of them on hand," continues the insider. "Plenty of women have stories to tell, but no one wants to go on the record because they're afraid of what he could do legally." ★

BEE GEES CASTING BATTLE

GETTING DISCO FEVER!

Robin, Barry and Maurice (from left) were inducted into the Rock & Roll Hall of Fame in 1997.

Staying alive! The long-delayed Bee Gees biopic, about the musical Gibb Brothers, is finally gaining traction. And stars are dying to get their disco on to play the "How Deep Is Your Love" trio's main man, **Barry Gibb**. (At 76, he's a producer on the film and the last surviving Gibb; Maurice died in 2003 at 53 and Robin passed away at 62 in 2012.) Fresh off *Elvis*, **Austin Butler** is said to be eager to get in on the hustle, while **Andrew Garfield**, *Riverdale*'s **KJ Apa** and *Tulsa King*'s **Garrett Hedlund** are also said to be in the mix. "It's Barry's life story, so he's very much the one to impress," an insider tells *Star*, adding that singing and dancing are a must. "Picture an A-list *American Idol* competition, because there will be a panel making this decision." Once the group is cast, says the insider, the guys will go through a boot camp to make them a band: "They have to have believable chemistry." ★

> *"As an entrepreneur, I had to figure out strategies that worked for me and my never-sit-still hair-and-makeup artist lifestyle. That's when Hydroxycut Drink Mix came into play."*

In some ways, Allison was like many other fortysomethings. Busy, successful in her career and, overall, everything felt pretty right. Except one thing: physically, she felt as if she was wearing someone else's "body suit." "I had recently turned 46 and all I truly wanted was that jolt of confidence that being physically in shape gave me. I wanted my groove back." So, Allison decided it was time to take the first step. She started walking more and shopping the periphery of the supermarket, filling up her basket with more vegetables and cutting back on sugar. And when she found **Hydroxycut Drink Mix**, that's when it all really started to stick. "I started this journey determined that I was going to make it work for the long haul. As an entrepreneur, I had to figure out strategies that worked for me and my never-sit-still hair-and-makeup artist lifestyle. That's when Hydroxycut Drink Mix came into play. I could throw it in my bag, and it was like having my added edge to ignite my journey. Plus, it doesn't hurt that the Wildberry flavor is delicious and might be my favorite." Twenty-two pounds later, Allison seems to have figured it out. With no magic pill, just the right strategies and tools in place, Allison made it work.

BELLS ARE RINGING!

Vision in White

"She wants to look light and ethereal as opposed to stuffy and formal," says a source of Vanessa's bridal vibe.

Vanessa's DREAM WEDDING

Newly engaged **Vanessa Hudgens** is in full wedding-planning mode.

Just five days after her fiancé put a ring on it, **Vanessa Hudgens** shared a sweet Valentine's Day snap. "Real magnetic love is out there," the 34-year-old captioned a pic with love **Cole Tucker**. "What a journey it was to get here but so worth it to get to my forever." Now it's party-planning time. Insiders say Vanessa's already busy mapping out her big day. "She has a lot of ideas," says a source. "Her vibe is very boho-chic, and her wedding will be in line with that. She's already started setting up meetings with all the top planners to see who clicks best."

The *High School Musical* alum, who split from *Elvis*' **Austin Butler** after eight years in 2020, met the 26-year-old baseball player during a Zoom meditation and promptly slid into his DMs. "When I "want something or someone, I'm going after them," she later reflected, adding, "I think there is no shame in making the first move."

After blissfully documenting their two years together, from beach vacays and music fests to red carpet canoodles, Vanessa is "eager to get going" on wedding details, says the source, who adds that she's taking inspiration from her friend **Sarah Hyland**'s 2022 Santa Ynez, Calif., nuptials to **Wells Adams**, in which she served as bridesmaid. "She absolutely loved Sarah's wedding and was taking notes," adds the source. "She and Cole might even get married in the same place, but she also loves the idea of getting married abroad. She's giddy about all the possibilities." ★

★ *Oh, Baby!* On Super Bowl Sunday, **Blake Lively** and **Ryan Reynolds**

AUBREY ISSUES RYAN AN ULTIMATUM

Baby steps? After years of being one of Hollywood's most eligible bachelors, **Ryan Seacrest** — who shocked fans by announcing Feb. 16 that he's stepping down from *Live With Kelly and Ryan* after six seasons — is finally ready for marriage. Kids? Not so much. Unfortunately for Ryan, his live-in girlfriend of two years, **Aubrey Paige**, wants both. The 25-year-old "has been clear from day one that she's not just interested in getting married," says an insider. "She wants a guarantee the deal will include having children." Ryan, 48, is having a hard time coming around to the idea. "He's always on the run, and can't even imagine how he'd handle all his projects if he was kept awake by the cries of a newborn," says the insider of the multi-hyphenate star, worth a reported $450 million. "Plus, he feels it would be wrong to pass all the childcare onto his wife." Aubrey isn't caving, says the insider. "She wants kids, and she wants them with Ryan." ★

Megan & MGK
COUPLES THERAPY

Megan Fox and **Machine Gun Kelly** headed to couples therapy on Feb. 13, days after the actress hinted at MGK's "dishonesty" on social media (his guitarist **Sophie Lloyd** denied fan speculation he'd cheated with her). "They had a huge fight and she refused to go with him to the *Sports Illustrated* party where he was performing," says a source. "He was pretty shaken up." Upon leaving their therapy sesh, Megan, 36, wiped away tears, while MGK, 32, drove off in a separate car; but the duo were spotted together on Valentine's Day. "Megan has ditched the ring, but they haven't called off the engagement and plan to keep going to therapy," says the source. "Neither one wants to end this." ★

Hot and Cold
"Megan has serious trust issues," says a source. "She gets insecure."

Penn also asked to remain clothed during *You*'s hanky-panky.

Penn:
NO MORE SEX SCENES!

Penn Badgley is saving himself for marriage. The actor recently revealed that he'd petitioned *You* producers to reduce the number of sex scenes in season 4 of the show out of respect for wife of six years, **Domino Kirke**. "My fidelity in my relationship, it's important to me," explained the 36-year-old, adding that he found raunchy scenes "disturbing." A source tells *Star* the singer was "touched" by her husband's gesture (the pair have one child). "Domino recognizes how unusual it is for an actor to make those requests, and she isn't the type to pressure him," adds the source. "But it was a good surprise, because it isn't easy for her to watch those scenes." ★

announced they'd welcomed their fourth child: "Been busy."

Shocking Accusations

An insider says Michael cheated on Lisa Marie with Debbie Rowe (they later married and welcomed kids Prince and Paris).

TWISTED LOVE TRIANGL

Behind the Smiles

"Michael enjoyed playing it up for the cameras," says a source, but behind the scenes, his marriage to Lisa Marie was plagued by problems.

THREE'S A CROWD. SHOCKING REVELATIONS SHOW **MICHAEL JACKSON**'S RELATIONSHIP WITH **DEBBIE ROWE** DESTROYED HIS MARRIAGE TO **LISA MARIE PRESLEY**.

IN the wake of Lisa Marie Presley's sudden passing on Jan. 12 at age 54 following cardiac arrest at her Calabasas, Calif., home, the family of her late ex-husband, Michael Jackson, released a statement in her honor. "We are saddened by the sudden tragic loss of Michael's former wife, Lisa Marie Presley," Jackson's estate said. "Michael cherished the special bond they enjoyed and was comforted by Lisa Marie's generous love, concern and care during their times together."

It was a touching sentiment, but it came as a bit of a surprise to those familiar with the inner workings of Lisa Marie and Michael's 18-month marriage between 1994 and 1996. The romance between the King of Pop (who died from acute propofol intoxication in 2009 at the age of 50) and the daughter of music legend Elvis Presley was the subject of much speculation at the time. Now an unpublished manuscript that *Star* has seen is revealing the shocking truth about their relationship — revealing that the stars were locked in a bizarre love triangle with Michael's second wife, **Debbie Rowe**. "Lisa Marie was in love with Michael and believed he loved her too," a source tells *Star*. "She thought their love was real, but she got caught up in his childlike web of deceit."

STRONG CONNECTION

Lisa Marie and Michael had been good friends for years before things took a romantic turn. "They talked a lot about their difficult childhoods and growing up in the Hollywood spotlight," says the source, acknowledging that they were each in a unique position to understand each other's very public lives. Yet, in 2003, Lisa Marie admitted she had a savior complex when it came to her second husband (she was wed four times in all). The troubled singer had begun abusing prescription painkillers in 1984 after he suffered painful third-degree burns on his scalp while filming a Pepsi commercial; in 1993, the LAPD investigated him over allegations he'd molested four children, which he denied. "You get sucked into the 'You poor, misunderstood person, you…'" said Lisa, adding, ▷

THE WAY THEY WERE

IN LOVE

The media was skeptical of Lisa Marie and Michael's romance when they first went public. "I am very much in love with Michael," Lisa Marie insisted.

FAMOUS SMOOCH

"They said it wouldn't last," said Michael before kissing Lisa Marie on stage at the Video Music Awards in 1994. (She was reportedly embarrassed by the stunt.)

FRONT & CENTER

They did a television interview with **Diane Sawyer** in 1995. When she asked if they had sex, despite rumors to the contrary, they replied, "Yes! Yes! Yes!"

"I'm a sucker for that."

According to the unpublished manuscript about Lisa Marie's life, Michael reached out to Lisa Marie in 1993, pleading that he was suicidal. High on drugs, Michael then proposed to Lisa Marie, who he mistakenly thought was his close friend Debbie, who was then a nurse working at his dermatologist's office. "When Michael asked Lisa to marry him, she was touched," says the source. "She must have noticed something was off about his behavior, but she ignored it until he called her Debbie."

Lisa Marie was bewildered by Michael's slipup — but still said yes. "She really felt like she and Michael understood each other," says the source. "She wanted to save him from himself, and she was willing to put her own emotional well-being aside to try."

FALLING APART

Lisa Marie was determined to make it work. She and Michael had a small, intimate wedding in the Dominican Republic in 1994. "Lisa Marie went into the marriage with the best intentions," the source explains. At the time, she shared Riley, 33, and Benjamin (who committed suicide at age 27 in 2020) with ex-husband **Danny Keough**; she would later welcome twins Finley and Harper, now 14, with future ex **Michael Lockwood**. "Lisa Marie wanted to be the best wife she could be and have a family and spend the rest of her life with Michael."

Things started to unravel quickly. "Michael's addiction to painkillers was mainly to blame," says the source. "It took over his life and he became more and more unstable. Lisa Marie spent less and less time at Neverland Ranch, and when she did, she would sleep in a separate bedroom."

PREGNANCY BOMBSHELL

Michael's friendship with Debbie was also becoming an issue. Suspicious that Michael and Debbie were having an affair, Lisa Marie confronted the medical pro. The women had an epic showdown, and Debbie confessed she was in love with Michael. "That's when Lisa Marie knew she was a threat," claims the source. Lisa Marie told Debbie to stay

Dad Mode

When Michael and Debbie split in 1999, he got full custody of Paris and Prince. "He raised them, not Debbie," says a source.

Family Drama

Priscilla recently filed a petition to contest Lisa Marie's will, which was amended to make her daughter Riley sole trustee of her estate.

TELLING ALL

In a 2010 interview, Lisa Marie said Michael had been manipulative during their marriage. "[I thought] it meant he didn't love me," she said, adding, "The manipulation was a survival tactic for him."

LAST CALL

Lisa Marie revealed details of her final conversation with Michael before his death. "He asked if I still loved him and I told him I was indifferent. And he didn't like that word and he cried."

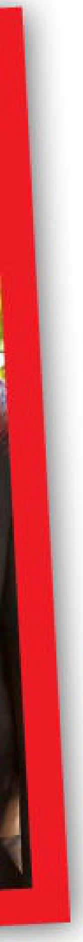
away and to stop calling Michael, but he remained in contact. "There was no doubt in Lisa Marie's mind that Michael was using Debbie to get more drugs," says the source. She was correct: In the 2022 documentary *TMZ Investigates: Who Really Killed Michael Jackson*, Debbie admitted to supplying him with painkillers, saying, "I regret that. I will regret it. And I am so sorry that I participated in it."

The final straw was when Michael made a staggering confession — Debbie was pregnant. (She later stated she'd been artificially inseminated and had never had sex with the star.) "Lisa Marie felt humiliated and betrayed," says the source. "It really broke her heart." Sources claim Debbie eventually miscarried, but the damage was done. A devastated Lisa Marie turned to her mom, **Priscilla Presley**. "Priscilla was shocked," adds the source. "No one expected that."

Lisa Marie and Michael divorced soon after — and just three months later he married Debbie. They had son Prince, 25, and daughter Paris, 24. (Michael's son Bigi was born in 2002 via surrogate.)

NO HARD FEELINGS

Michael couldn't forgive himself for hurting Lisa Marie. "He called her, sobbing, and apologized," says the source. And when he died, Lisa Marie posted a statement that she was "gutted" by the loss. "Lisa Marie was ultimately able to forgive Michael and heal and move on with her life," says the source. "After his death, she would look back and remember their happier times." ★



Paris, Prince and Bigi grew up in the shadow of their famous father.

ALL GROWN UP

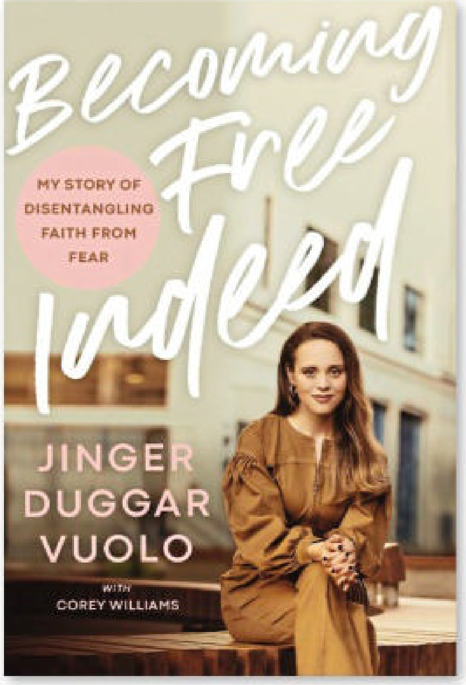
CHECKING IN WITH MICHAEL'S THREE KIDS.

Michael's children appear to be faring well 13 years after his untimely death. Prince graduated from Loyola Marymount University with a degree in business administration in 2019 and has since been focusing on his YouTube channel (which chronicles his motorcycle rides across California) and the charity he cofounded, Heal Los Angeles. "I would like to think that [my dad] would be very proud," he said in 2020.

After surviving multiple suicide attempts in the years after her father died, Paris sought treatment in 2019 and is now zeroing in on her music and acting career, as well as her relationship with her mom, Debbie. "Paris looks at Debbie like a friend," says an insider. "They get together and hang out and chill."

Bigi (born Prince Michael Jackson II and nicknamed Blanket; he changed his name in 2015) — who keeps a low-profile but occasionally pops up on Prince's YouTube channel — is close with his two older siblings. In an Instagram post wishing him a happy birthday in 2020, Paris wrote that she's "proud of the handsome, intelligent, insightful, funny, and kind young man he has become."

ESCAPING A CULT



IN A SHOCKING NEW BOOK, **JINGER DUGGAR** OPENS UP ABOUT HER FUNDAMENTALIST FAMILY — AND HOW IT HARMED HER.

THEY were the darlings of TLC, an ultrareligious, supersize family that seemed to enjoy the simple things and represent a wholesome approach to life. Of course, not all was as it appeared with the stars of *19 Kids and Counting*. Led by parents **Jim Bob** and **Michelle Duggar**, the kids were subjected to bizarre rules about modesty, dating and even what music they could listen to — or else face the wrath of God. “Fear was a huge part of my childhood,” daughter **Jinger Duggar Vuolo** has said. “I thought I had to wear only skirts and dresses to please God. Music with drums, places I went or the wrong friendships could all bring harm.”

What she’s only recently discovered is that the harm was coming from within her own family. In her new book, *Becoming Free Indeed: My Story of Disentangling Faith From Fear*, the 29-year-old details how she suffered anxiety and developed an eating disorder because of her family’s beliefs — and how she broke away from their strict dogma. Now married to **Jeremy Vuolo** and a mom of two, she says of her isolated upbringing, “There are a lot of cult-like tendencies.”

CODE OF CONDUCT

Jim Bob and Michelle follow the teachings of **Bill Gothard**, a conservative minister who founded the Institute in Basic Life Principles. Among his tenets are guidelines about purity and modesty. Women are taught to be submissive to men and to always cover shoulders and legs so as not to tempt them. Courtship is encouraged, but young couples are never left alone, chaperoned by parents or siblings. “Side hugs” are permitted, but the first kiss is reserved for the wedding day. Boys are ordered to look at their shoes if a scantily clad woman is nearby. For Jinger, such focus on her appearance as being potentially sin-inducing eventually led to an eating disorder. “Convinced my body was an embarrassment, I ate very little,” she writes in her book. “I’d go days hardly consuming any calories.”

In a terrible irony, it was Gothard who was accused by dozens of female employees of sexually harassing them. (He denied the allegations but resigned from his post.) And it was Jinger’s oldest brother, **Josh**, who admitted to molesting his sisters when he was a teen and, in 2022, was sentenced to more than 12 years for receiving and possessing child pornography. The similarity between the two wasn’t lost on Jinger. “[Josh] used his platform... to promote the same ideas Gothard taught,” she writes, adding, “He was living a lie.”

OPENING HER EYES

Now living in California, Jinger credits her soccer-player husband for helping her to see the light. “He gently encouraged me to speak my mind,” she notes. “He didn’t want me to perform or be fake.” (Viewers of *19 Kids* are familiar with Michelle’s loving gaze every time Jim Bob is present; that too is dictated by their rules.) “More than once he said, ‘Jing, you’re not a Stepford wife.’” Of course, the home-schooled Jinger had no idea what a Stepford wife was!

Now that she does, the former reality star is not going back. Jinger wears pants now, refuses to home-school her kids and says she’s OK with alcohol, though she won’t drink it herself. She’s also still a churchgoer and though she says she remains close to her parents, a source tells *Star* they are “embarrassed” by the book, and prefer to shield their younger kids from its contents. Still, Jinger remains optimistic. “Even though you’re told your life is going to fall apart if you leave, it’s not,” she told *The New York Times*. “You don’t even have to lose your faith in God.” ★

Finding Freedom

The mom to Felicity, 4, and Evangeline, 2 (with Jeremy, above, and her family, left), says she has disentangled "the truth of Christianity from the unhealthy version I heard growing up."

Going Rogue

"Jinger had to get a lot of things off her chest that had been haunting her," says an insider. "Her family was bracing themselves."

> "I was just so crippled with fear and I didn't know why."
> —Jinger

Pretty Princess
Meghan criticized grown women for dreaming of being a princess, mentioning the obsession with William and Kate's 2011 wedding.

What Meghan Knew

WAS SHE REALLY AS IGNORANT ABOUT THE ROYAL FAMILY AS SHE SAID? NEW EVIDENCE SHOWS THE ACTRESS WAS WELL AWARE OF HER FUTURE SISTER-IN-LAW.

Social Influence
"The Tig was a huge passion for Meghan," says a source. "She's proud of the work she did on that site."

ON numerous occasions, **Meghan Markle** has painted herself as almost comically naive about the royals. She told one interviewer she'd never Googled her future husband, **Prince Harry**, before they dated and that she didn't grow up "knowing about the royal family." She even made fun of her cluelessness during her awkward first meeting with the late Queen Elizabeth II. Describing her knowledge of British royalty as "Medieval Times, dinner and tournament" in the pair's Netflix docuseries, *Harry & Meghan*, the 41-year-old mimed the exaggeratedly deep curtsey she nervously gave the monarch. "'Pleasure to meet you, Your Majesty,'" she said in a silly voice, then joked, "'Was, was that OK?' It was so intense."

Royal watchers were not amused, sensing in the anecdote a lack of respect for the queen rather than the *Suits* actress' self-deprecation. (Even Harry, 38, looked pained in the clip.) Now a 2014 blog post dishing on **Kate, the Princess of Wales**, has resurfaced from Meghan's old website, The Tig, leading some critics to claim the mom of two was spinning a web of lies about her lack of knowledge of the monarchy. Sniffed the anti-Meghan *Daily Mail*, "The blog post debunked the idea that the *Suits* actor never thought about what it would be like to marry a prince."

REBEL PRINCESS

True to form for the rogue royal, who stepped back from her duties to move to Montecito, Calif., with Harry in 2020, the blog post isn't exactly pro-royal (or pro Kate!). The entry is critical of women who hold on to dreams of being a princess. "Grown women seem to retain this childhood fantasy," she wrote, then seemed to take a dig at her future sister-in-law. "Just look at the pomp and circumstance surrounding the royal wedding and endless conversation about Princess Kate." In a further dig, the Duchess of Sussex revealed that her own childhood fantasy was to be She-Ra, Princess of Power. "For those of you unfamiliar with the '80s cartoon reference, She-Ra is the twin sister of He-Man and a sword-wielding royal rebel known for her strength," she explained. "We're definitely not talking about Cinderella here."

> **"We're definitely not talking about Cinderella here."**
>
> **— Meghan**

The revelation didn't surprise Kate, says an insider. The 41-year-old has long had a rocky relationship with her American fellow princess. Famously, the two butted heads over the bridesmaids dresses for Meghan's 2018 nuptials. "It vindicates what Kate already suspected," the insider tells *Star*. "That Meghan came into the royal household nurturing this hang-up on Kate." Adds the insider, "This just solidifies why there wasn't much hope of a solid relationship or friendship in the first place."

Gloves Off

A source says Kate has "long since conceded that she and Meghan will never get along again. The trust has gone."

HERE WE GO AGAIN

It's all a bit familiar for Meghan and Harry. Fresh off their tell-all docuseries and the prince's bombshell memoir, *Spare*, they are used to having every word of theirs examined. "Harry and Meghan are just so sick of their critics dredging up whatever they can to try and paint her as a hypocrite and a liar," says the insider. "It's been happening for years." Though the source says the blog post was not an attack on Kate, Meghan will not be addressing its misinterpretation. "Meghan finds this whole narrative so tedious and beneath her," says the insider. "She's extremely wary of feeding into it." ★

COCAINE BEAR

Keri Russell, Ray Liotta, Alden Ehrenreich

In theaters Fri., Feb. 24 R

He's out for blood — and blow! Loosely inspired by a real-life incident in 1985, director **Elizabeth Banks**' darkly funny thriller follows a 500-pound black bear as it consumes a massive amount of cocaine and goes on a rampage in a Georgia forest. Suffice it to say, a coke-fueled apex predator is bad news for the cops, criminals, tourists and teens assembled in the woods. In one of his final film roles, the late, great Liotta shines as a kingpin in desperate pursuit of his missing drugs. (And you thought he had it bad in *Goodfellas*....) The stellar supporting cast also includes the always-game Russell, *Solo: A Star Wars Story*'s Ehrenreich and *Straight Outta Compton*'s **O'Shea Jackson Jr.** But let's face it — the titular bear is the rock star of this flick. Boasting the most viral title since *Snakes on a Plane* and having the honor of being one of the late Liotta's final films, *Cocaine Bear* is *Jaws* with paws... and drugs! It's destined to be a midnight movie and a camp classic — pun intended!

WE HAVE A GHOST

David Harbour, Anthony Mackie, Jennifer Coolidge

Premieres Fri., Feb. 24, on Netflix PG-13

But when Frank's son, Kevin (**Jahi Di'Allo Winston**), and Ernest team up to unveil the secrets of the ghost's past, they become the targets of the CIA. (Oh, and don't miss Emmy winner Coolidge's typically scene-stealing turn as a wigged-out psychic medium.) *Beetlejuice* meets *E.T.* in a hilarious and heartfelt horror-comedy that offers funny frights for the whole family.

TELEVISION

Bringing sexy back! After a two-year wait for new episodes, TV's steamiest drama finally returns. Season 2 finds Billie (Shahi) being forced to move on. Not only does her cuckolded husband, Cooper (**Mike Vogel**), tell her that he's done with their relationship, but her sexy ex Brad (Demos) — who she cheated with — also says that it's too late for them since she rejected his marriage proposal. Perhaps the best way for Billie to get over these guys is to get a new guy under her: Enter Majid (**Darius Homayoun**), who's bound to make the mom of two's love life even messier.

YOUR STARS

For the week of March 6–March 12

By Jennifer Angel

CARRIE UNDERWOOD
Turns 40 on March 10

PISCES FEB. 19–MARCH 20

The business-minded planet Saturn makes its way to take up residence on your side. Saturn energy helps you to get real, which means this is the time to get down to business. Moon energy in your love zone can heat things up in this area as well.

ARIES
MARCH 21–APRIL 19

Great time to think about your long-range plans — where do you want to be this time next year? Venus and Jupiter sit in your sign and bring opportunities your way.

TAURUS
APRIL 20–MAY 20

Be careful not to be picky with your lover or someone close. If you encounter a repetitive or irritating issue, ensure you're not emotional when you have a discussion.

GEMINI
MAY 21–JUNE 20

The best love partner you can ask for is someone you have a deep friendship with. Action planet Mars in your sign makes life hectic, so the key to productivity is organization.

CANCER
JUNE 21–JULY 22

A lucky break in your career can cross your path now. Pay attention to chance meetings. Be careful to think before you speak, as the full moon energy can have you acting impulsive.

LEO
JULY 23–AUG. 22

Pay attention to your intuition. When a career opportunity makes you feel excited, it's probably the right one. Be optimistic!

VIRGO
AUG. 23–SEPT. 22

Full moon energy in your sign can make you think about your life in general, where you are and where are you going. Use this energy to gain clarity and commit to what you want. Your love life is on fire right now, too!

LIBRA
SEPT. 23–OCT. 22

The combined Venus/Jupiter energy indicates that either you're in love or looking for love. This can be a beautiful time, so discard any negative petty thoughts that may be holding you back.

SCORPIO
OCT. 23–NOV. 21

It's up to you to take control of your life. There's nothing more important than your health and well-being. Schedule some time to pamper yourself.

SAGITTARIUS
NOV. 22–DEC. 21

An intimate relationship needs to be passionate or flirtatious to get your attention. Don't worry about changes related to your job. It will all work out!

CAPRICORN
DEC. 22–JAN. 19

When things get too cluttered around you, it can be distracting. If you need to have an early spring-cleaning session, then make time to do it. A well-organized life can make a difference in how you feel.

AQUARIUS
JAN. 20–FEB. 18

Take responsibility for your spending and get a new budget in place. A new creative venture can boost your bank account and provide you with a great deal of enjoyment.

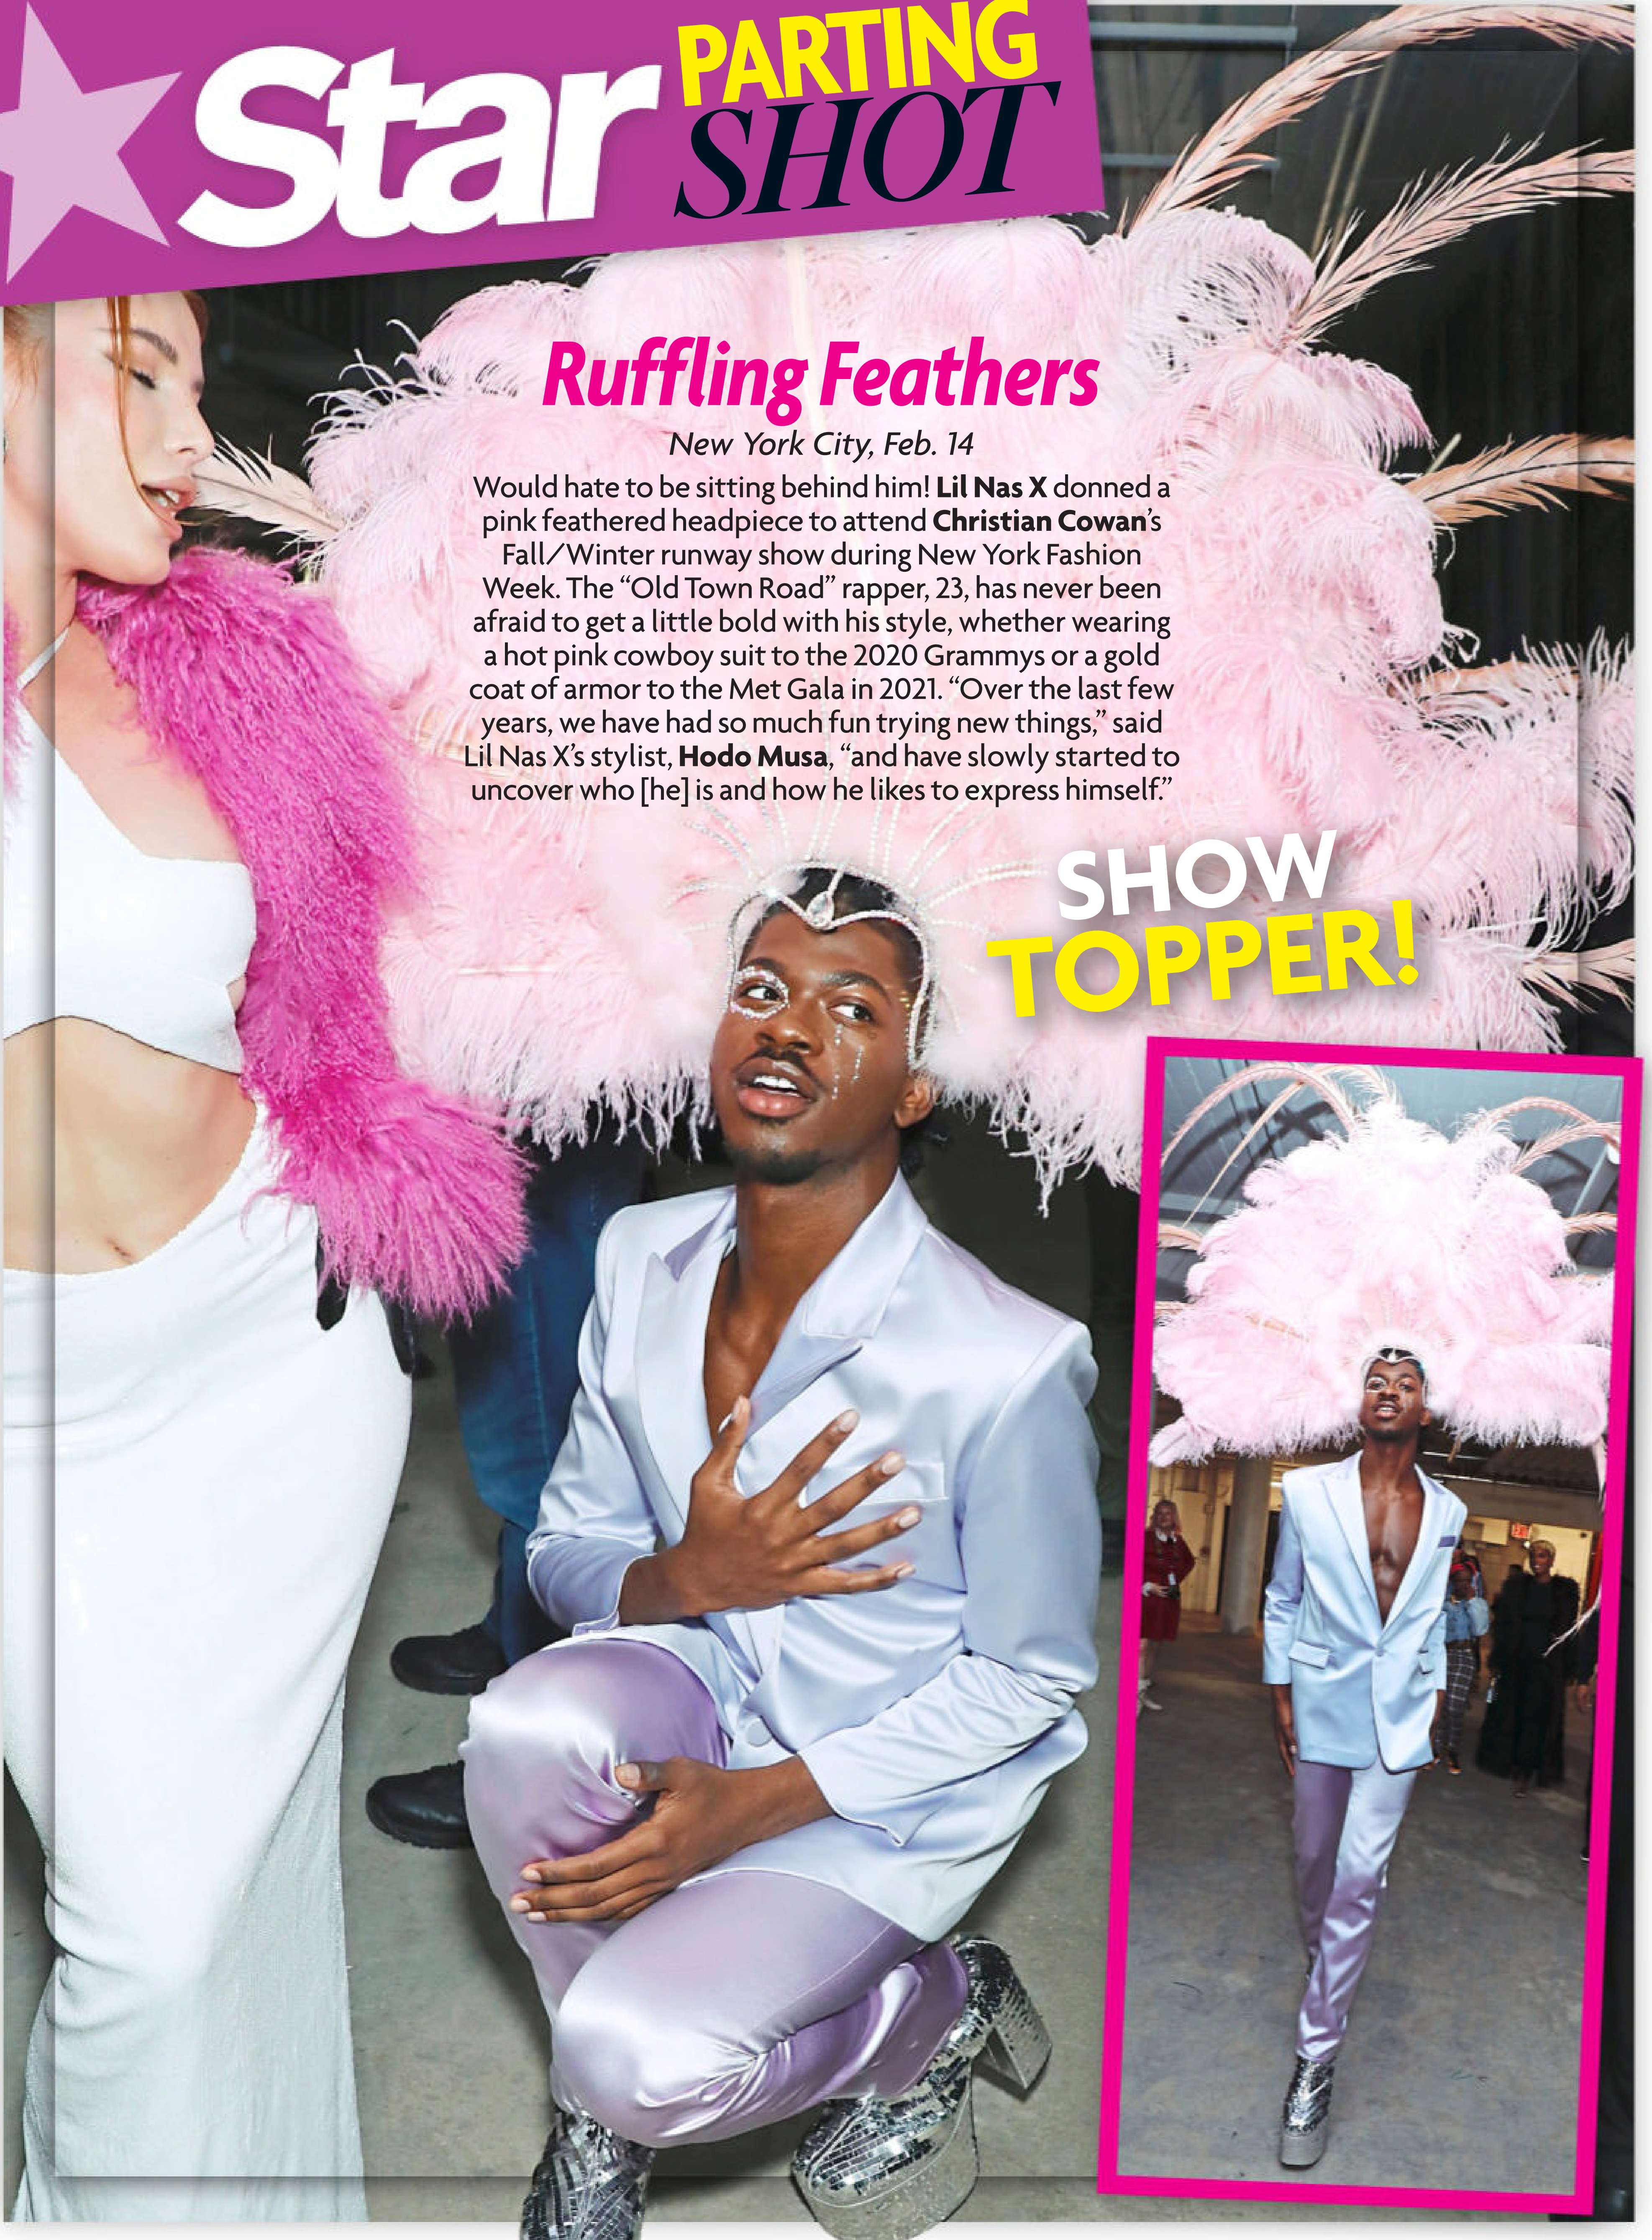
Star PARTING SHOT



Ruffling Feathers

New York City, Feb. 14

Would hate to be sitting behind him! **Lil Nas X** donned a pink feathered headpiece to attend **Christian Cowan**'s Fall/Winter runway show during New York Fashion Week. The "Old Town Road" rapper, 23, has never been afraid to get a little bold with his style, whether wearing a hot pink cowboy suit to the 2020 Grammys or a gold coat of armor to the Met Gala in 2021. "Over the last few years, we have had so much fun trying new things," said Lil Nas X's stylist, **Hodo Musa**, "and have slowly started to uncover who [he] is and how he likes to express himself."
